I am an ISTQB Advanced Level Certified Tester with more than four years' of experience in Software Quality Assurance Field. I have two bachelor's degrees, one in **Science (B.Sc.)** and the other in **Information Technology (BIT)**. I love learning new technologies and willingly work long hours to gain a solid experience in the industry. Also I am a fast learner and I treat all obstacles as challenges. I give complete commitment to my employer, take my responsibilities very seriously, do all I can to carry out my duties, and do my best to perform to my fullest potential. A firm believer, in team-work I enjoy working in a team, regardless of its size.

Objective

Skilled and experienced software QA testing professional with extensive knowledge of QA processes, test methodologies and Test Automation. Seeking a challenging position as an IT Quality Assurance Software Tester in a renowned organization.
